

READY TO START ON XIPERE®?

Information is available to better understand
your coverage options whether you are
Commercially Insured, Uninsured, or on Medicare

Marie, Age 51
Not an actual patient.

FOCUS ON ACCESS™ (FOA) provides personalized reimbursement support throughout your treatment journey including a dedicated Care Coordinator who will walk you through coverage options

If your doctor is working with FOA, here's how to get started:

1 Complete and sign a Patient Information Enrollment form

After your doctor determines that XIPERE is right for you, their office staff will work with an FOA representative to start a **Patient Enrollment Form** for you. Your doctor will ask you to review the form for accuracy and sign the patient authorization section of the form.

PLEASE SEE NEXT PAGE

If you already understand
your coverage options, and
are ready to save

2 Your FOA representative gets to work

Within 24 hours, an FOA representative will contact your insurance company to determine your health insurance benefits and coverage for XIPERE.

3 Then, your FOA Care Coordinator will talk you through coverage options

Your coordinator will review your specific coverage and discuss how much your copay will be so you know what to expect:

- **If you have commercial insurance**, you may be eligible* to **pay as little as \$0** out of pocket through the XIPERE Savings Program. Once confirmed, your FOA coordinator will even help enroll you to simplify the process
- **If you have Medicare**, your FOA counselor will review your expected copay cost with you
- **If you are uninsured or your insurance does not cover XIPERE**, your FOA counselor will review copay options or help refer you to a patient assistance program or independent foundation

ENROLL IN FOA TODAY
Visit [online](#) or call 1-866-272-8838

*Enrollment period maximum benefit caps apply. Patients may pay out of pocket costs if enrollment period maximum benefit caps are met. Please note: This program only helps with the cost of the drug and does not cover the cost of the procedure.

**XIPERE**
(triamcinolone acetonide
injectable suspension) 40 mg/mL

READY TO SEE HOW TO SAVE ON XIPERE®?

If you answer yes to all of these questions, you may be eligible:

- Are you a resident of the United States, Puerto Rico, or Guam and at least 18 years of age?
- Do you have commercial or private health insurance?
- Do you have insurance coverage for XIPERE for its approved use?

If you are not eligible for the XIPERE Savings Program, there may be other options for co-pay assistance.

Eligible* commercially insured patients **may pay as little as \$0** out of pocket through the XIPERE Savings Program

[VISIT THE SAVINGS PROGRAM WEBSITE](#)

Remember, the **FOA program** can help you and your doctor better understand your coverage and will enroll you in the XIPERE Savings Program if appropriate.†

The **XIPERE Savings Program** may help you save if you are eligible* and commercially covered.

If you still have questions, please ask your doctor.

Patients are not eligible if they have government insurance (i.e., patients are enrolled in any state or federally funded programs, including, but not limited to, Medicare, Medicaid, Medigap, Veterans Affairs [VA], Department of Defense [DoD], CHAMPVA, or TRICARE). Void where prohibited by law, taxed, or restricted.

*Enrollment period maximum benefit caps apply. Patients may pay out of pocket costs if enrollment period maximum benefit caps are met. Please note: This program only helps with the cost of the drug and does not cover the cost of the procedure.

†Terms, Conditions and Limitations Apply. Your doctor can refer you to the Focus on Access program to determine your eligibility for patient assistance. Insurance plans and coverage are subject to change. Bausch + Lomb does not guarantee coverage or reimbursement for the product.
